

To whom it may concern,

I recently received a letter saying that some adjustments might be made to my local radio broadcasting: something about switching to LPFM. While most of the technical jargon went over my head, what I did catch was that these adjustments may not allow for my receiving K-Love in Denver. I would just briefly like to explain what a great dis-service that would be to myself and many others in Colorado. K-Love is a part of our community and it keeps Christians united. It is great to know that at any given time all over the nation, voices are lifted up sharing the same song to God and hearts are lifted together with K-Love's inspirational messages. I feel that because of these points, K-Love provides a local, national, and public service for believers and non-believers alike. The testimonies I hear on the station about people coming to the Lord and receiving the Lord throughout their day are very encouraging. It is a safe station to listen to at work and at home because I can always trust that there will be wholesome fun without any chance of vulgarity. I along with thousands of others, donate money each month to keep this station on the air. I would appreciate your consideration of this information when making your decision.

Thank you for your time and God bless,
Rachel Johnson
